WEST WINGS' STORY

"Every neighborhood needs a great wing restaurant"

With this proclamation over a couple cold Miller High Lifes, long time West Seattle residents and cousins, Paul and Tony Barbano, launched West Wings.

Sentenced to a life in West Seattle during the pandemic and bridge closure, the cousins experimented with hundreds of sauce recipes until they settled on the original five, **BETTER THAN BUFFALO**, **FLAME SAUCES**. Not only do these sauces coat the crispiest wings (brined and non-GMO) in town but they form the backbone of an operation dubbed "West Seattle's Home for Heat."

Since opening our doors in August of 2022, West Wings has quickly become more than just the little wing place envisioned by its' founders. Our menu continues to grow and evolve as we selectively add an assortment of comfort food offerings to our wing repertoire and, yes, some guilty pleasures too! We've maintained the intimate West Wings bar as the neighborhood favorite it has been for years and will continue to add new seasonal and spice forward cocktails.

Restaurants are true community assets where neighbors come not only to eat, but to gather and to be part of the fabric of their neighborhoods. Part of our mission is to be a great neighbor and to give back to the Admiral and Greater West Seattle communities. Through our fundraising and donation programs, we have helped our community schools and sports organizations raise over \$5,000 so far and counting!

Thanks for winging it with us!

The Cousins
